

# Te Ara Huarau | School Profile Report

---

**School Name:** Glenbrae Primary School

**Profile Number:** 1291

---

## Background

This Profile Report was written within sixteen months of the Education Review Office and Glenbrae Primary School working in Te Ara Huarau, an improvement evaluation approach used in most English Medium State and State Integrated Schools. For more information about Te Ara Huarau see ERO's website [www.ero.govt.nz](http://www.ero.govt.nz)

## Context

Glenbrae Primary School is a full primary school located in Glen Innes, Auckland, part of the Tamaki Regeneration Project. Glenbrae School is part of the Manaiaikalani Education Trust group of schools.

A new principal was appointed in 2022, and he joins two experienced senior leaders.

Glenbrae Primary School's strategic priorities for improving outcomes for learners are:

- to succeed through a localised curriculum that is relevant to all
- to believe in ourselves as leaders of learning through effective practice
- to grow culturally responsive practice.

You can find a copy of the school's strategic and annual plan on Glenbrae Primary School's website.

ERO and the school are working together to evaluate the effectiveness of the development of the local curriculum and the impact of this development on student achievement. The rationale for selecting this evaluation is to develop a local curriculum which provides rich, relevant, and authentic learning experiences that will enhance learner outcomes. This is supported by Glenbrae Primary School's strategic goal to develop a localised curriculum and by external professional learning and development.

The school expects to see this plan develop and grow later in 2022, into 2023 and provide an authentic curriculum for Glenbrae learners. A local curriculum will enable leaders and teachers to believe in themselves as leaders of learning through effective practices to support the progress and achievement of all learners.

## Strengths

The school can draw from the following strengths to support the school in its goal to develop its local curriculum with:

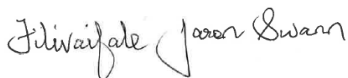

- The school is continuing to strengthen inclusive practices, including a specific focus on Māori and Pacific, and students with diverse learning needs
- A school environment and culture of positivity that promotes learner wellbeing, resilience, and optimism
- Meaningful and significant connections and relationships with Māori whānau, iwi, families, and communities
- Quality external professional learning and development that supports teachers inquire into and utilise current strengths and to build knowledge to develop the local curriculum in a meaningful and sustainable way.

## Where to next?

Moving forward, the school will prioritise:

- the implementation of a responsive and relevant local curriculum to support Glenbrae learners to be confident and successful
- school leaders and teachers using effective assessment and evaluation to continue to inquire and respond to approaches which improve learner outcomes.

ERO's role will be to support the school in its evaluation for improvement cycle to improve outcomes for all learners. ERO will support the school in reporting their progress to the community. The next public report on ERO's website will be a Te Ara Huarau | School Evaluation Report and is due within three years.

Filivaifale Jason Swann
